

March 18, 2005

Dear Will:

First of all, thank you for spending this week (March 14-18,2005) with us. Your presentations have been outstanding each and every time. The comments from teachers after each presentation, no matter what the grade, pre-Kindergarten through twelfth grade have been enthusiastic. I have heard words like "captivating," "so appropriate for this age," and "very informative." I think it is safe to say you have been a hit at Singapore American School!

Let me just add that I fully agree with all the comments above and more. It is clear that the time and energy you have spent preparing for your presentations and your skill in adapting to each audience at all the levels has been very successful. It has made this week fly by.

I hope you will be able to share your work and yourself with others in Asia and the United States. Please feel free to give my contact information with anyone who may be interested in sponsoring you for an author/illustrator visit. I can recommend you without a single reservation.

Maybe we can do this again in the future but you must bring Ian and Jane with you. Thank you for sharing so much of your work and sharing yourself with us, we have truly been privileged to spend time with you.

With the very best wishes,
